My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love, Peace and Abundance for All.

News: So what is new? Everything! The world is changing so fast. Time is morphing. Humans are awakening to possibilities beyond the known, like, they affect their environment! I am definitely affected by all that is going on even as I work to affect it all in a positive manner. I feel like I am either tap dancing as fast as I can or wandering around trying to decipher what wants doing next.

My big news is being ordained as an official Celebrant who officiates at momentous times in one's life with non-religious ritual. I have been doing this for awhile but recently finished a two year course with my mentor Pamela Eakins and will be ordained as a Priestess in her lineage. Feels appropriate for this time in my life and a bit daunting as well. (-:

The next celebration of the Celtic Wheel is Lughnasah or Lammas, the first harvest, which we will celebrate here on my back deck, Friday, July 30. If you are not on my Celtic Wheel list and are interested in attending, send me an email.

Until then: Be Well in Body and Spirit and...

Message for the New Moon of July 2021

Effect Affect You are an Effect. You Affect just with your existence. You are a unique, vibrating Being, a Cause in the Universe. Everything you do, say, think and feel is part of the vibrational Universe and so Affects the Air you all breathe. You can see your Effect physically when you survey your own life. Are you happy? Or are you being adversely affecting by the vibrational energies around you?

Perhaps you like to think of yourselves as small, as insignificant in your Effect. Why? Perhaps, you do not want the responsibility? Be curious, non judgmental. Ask yourself: Why am I unwilling to

look at how I affect the world around me? Perhaps a sense of helplessness? I know I affect my world but what can I do about it?

Again, be curious. Sit with this question: What can I do as an individual to affect my world in a positive way? How to shift the seemingly negative energies affecting me? How can I be a cause for change for the betterment of All? You may say: Well, I can send money, volunteer , protest, write letters. Yes, these are all good outward expressions but what about your own Inner Being? If you understand that your vibrations of feeling and thought are affecting the Whole then how might your thoughts and feelings be affecting your own self?

Start with your own interior first. Go within. Examine your thoughts, feelings. How are you, all by yourself, affecting your own wellbeing? By shifting your attention to your own wellbeing, you can begin to vibrate a joy of existence into your environment. You can then affect, without trying so hard, in a very positive way.

You must begin with your own Self. With self forgiveness. With curiosity instead of judgment. With compassion instead of critiquing. Be kind to yourselves. Love yourselves first so that this kindness and love may reverberate out to All. You already know this You already know that changing your own vibration is really the only way to create lasting change in the world.

Now is the Time to begin this inward journey.
The world needs your Joyful vibrancy Now...

New Moon Reading Questions

I ask what We, as a collective of souls, can learn from the message I received

Reading for the Tribe for the New Moon of July 2021

Card One

What is this collective Soul Tribe vibrating into the world at this time?

Card Two

How might just focusing on our individual vibration affect the Whole?

Card Three

**How to up the frequency of our individual vibration
for a more positive effect as a collective?**

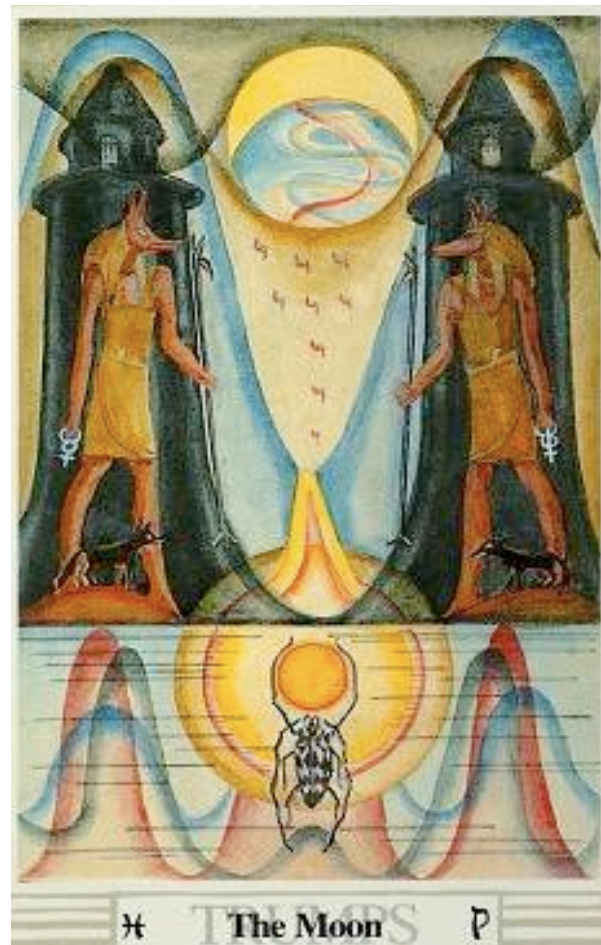

Card Four

**How might our collective upping of our individual vibration
affect the world?**

Card One

What is this collective Soul Tribe vibrating into the world at this time?

Oh, confusion, fear...I am laughing because when **The Moon** card shows up in a spread, there is always a moment where the mind just goes dark, kind of like walking in moonlight. Nothing is what it seems. Everything feels mysterious. Something unknown is lurking in the bushes. For this is a card of Initiation into the Mysteries of who and what we are, the Path of the Shadow, cyclical, ever changing, the process of Awakening. So I would say we are vibrating fear and confusion about the great changes we are all experiencing. We cannot see the path clearly. We are unsure which actions are best. We want to be of help but feel we do have what it takes for Transformation. So the vibration becomes a combination of confusion, fear and excitement as we and the planet descend into seeming chaos.

Card Two

How might just focusing on our individual vibration affect the Whole?

The intense focus of the card of **Adjustment, or Justice** in other decks, is about dealing with our karmic cause and effect. If we focus on our individual vibration and clean up our karma, we can help bring the whole system into Balance. We can then be a steady, focused effect for others as we navigate the uncharted waters of these End Times. The sword of Cosmic Truth cuts away all that distracts us from our authentic, vibrational Self. Imagine if we all quit reacting to our circumstances which just creates more karma. Imagine if we instead focused on being Present, undistracted by the seeming insanity of our world. Imagine being Present to solutions instead of problems with the clarity and Truth that our universe, in its essence, is vibrating Love?

Card Three

How to up the frequency of our individual vibration for a more positive effect as a collective?

And what is the highest vibration of the Universe? LOVE! See the vibratory waves of Love/Light vibrating out from this image of the **Ace of Cups**. How to up our vibration? Open to Divine Love which is the very air we breathe. This is not the conditional love of our physical reality: romance, sex, expectations, jealousy... This is Unconditional Love. Stand in this Love. Keep coming back to it. This is the Love we need to show to ourselves so that we may vibrate Love to the Whole.

Check out the idea of 528 hz frequency (-:

Card Four

How might our collective upping of our individual vibration affect the World?

We can then, collectively, become the **Prince/Knight of Disks/Pentacles**, taking action in the world from a place of Love. See the blue print for the new world in their right arm while the orb cross staff in their left signifies the Great Work before us. As the **Prince of Disks** our carriage is filled with the nutrients needed by our physical world to create happy, healthy, vibrant soil, plants, animals and people. This is Us moving forward in alignment with the Universal Plan of Heaven on Earth. This is an initiatory journey, sometimes frightening, **The Moon**. But if we can become intensely Present to our circumstances, **Adjustment/Justice**, and up our frequency of Love, **Ace of Cups**...

We can affect our world in a very positive way.

*Come on people now, smile at each other.
Everybody get together, gotta love one another right now*

**Now it's your turn.
Do this month's reading for yourself to see
where you, as an individual, can contribute to
the whole.**

As always I welcome your
ideas, questions and comments.
