My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love, Peace and Abundance for All.

News: And, so summer is ending. You may say, What!? What summer? What happened? You may be like me who doesn't seem to know what month it is, whose calendars are two months behind. (-: Life now seems to be more about learning how to breathe and stay centered than knowing what month it is. Life now seems to be more about kneeling upon the earth in gratitude than looking at a calendar.

For those of us on the West Coast, the reading is extraordinarily accurate. The images of the Thoth deck haunting. And, we who live on the coast, in Humboldt, who are not dealing with fire or much smoke, send out Love and Hope to all who are living under dark skies or have been forced to find a home elsewhere. Transformative times... Heart rending times...

Our next celebration on the Celtic Wheel is Mabon, Fall Equinox. We will be on outside my back deck, **Sunday, September 20.** If you have not been receiving the Celtic Wheel invites and are interested, let me know.

Until then: Be Well in Body and Spirit and...

Message for the New Moon of September 2020

Smoke filled skies... What are you needing to see? What are you willing to see through?

Open your third eye. Allow a different seeing. Your landscape is obscured by the smoke of the illusion of your disappearing reality. All that you knew is dissipating, disappearing. Where is it going? Was it, your reality, ever truly here? Who or what created this reality you have been living in, that now is no longer?

We ask you these questions that you might begin to question your reality and what part you play in its making.

In this stillness, this between times, what do you imagine will happen next? Do you hope it will somehow go back to how it was? Is this what you truly hope for? Or, is there a part of you coming forward? A part of you unafraid to imagine something very, very new and different from you prior existence?

Close your eyes and sit in stillness a moment. Ask that this part of you come forward, this courageous, adventurous Being who excels in expansive transformation. Call this aspect forward. Name it, Courage. Name it, Excitement. Name it, Joy. Let it lead the way. Notice you can only access this aspect of you when you are in the Present Moment. This part of you does not exist in the past or the future. This part of you only emerges in the Now. And yes, Presence can be found in meditation and deep reflection but Presence can also be found in every moment of every day.

Once you have contacted this Being of Presence, practice contacting it all day especially when you are tempted with fear, judgement or blame. Continue imagining a way forward. Let this part of you imagine not who you were yesterday and or who you hope to be tomorrow but All of what you are right now.

Rejoice in the Now. Be Present to your surroundings, to the person in front of you, the tree, the cat, the dog. Practice Presence and imagine your new world from this place.

We honor you in this process.
We meet you All in Your Presence.

New Moon Reading Questions

I ask what We, as a collective of souls, can learn from the message I received

Reading for the Tribe for the New Moon of September 2020

Card One

A card for our old reality obscured by “smoke.”

Card Two

A card symbolizing the “smoke.”

Card Three

A card for our Being in Presence

Card Four

What might we see through the “smoke” Being in Presence?

Card One

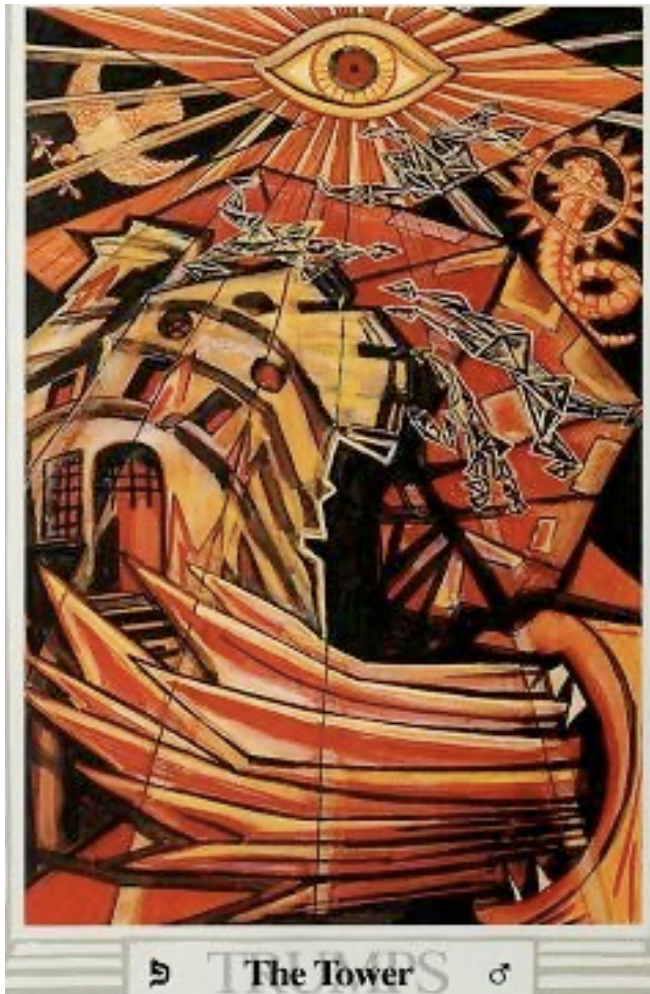

A card for our old reality obscured by “smoke.”

With the Thoth deck, drawing the **Seven of Disks/ Pentacles** is always intense. We all have an immediate response to the word at the bottom: Failure. In most other Tarot decks, this card has been misinterpreted as a great harvest. But the true meaning is the failure of the harvest. The failure of our expectation of what we were creating. The harvest does not look like what we thought we had planted. We, in the US, thought we were creating a free country with opportunity for all. Now we find that that is not true. So we have a sense of failure. But failures are what creative energy feeds upon. Failure compels us to plant again. This “failure” is compost for new seeds. The disks/pentacles are the element of earth which will abide, which will adapt in new and wildly creative ways.

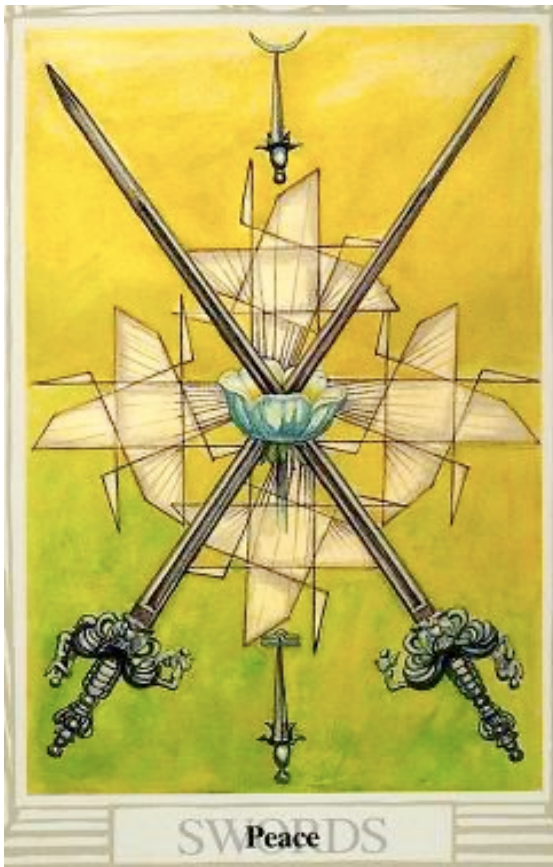

Card Two

A card symbolizing the “smoke.”

The dreaded **Tower card** always seems cataclysmic. Look at all this Fire! But there is no smoke, only a clear understanding that we must Awaken! Most Tower cards in the Tarot show Lightning striking the Tower of our created reality, our identity. The Lightning of the Divine mind. Here we see the eye of Horus, the opening of the our third eye. New and expansive perception. And yes, it feels cataclysmic to our ego mind when we realize our security is an illusion! It's all just smoke! When we see through the smoke we see what is truly happening: an awakening of Spiritual Fire. And yes, there is death but it is the death of the old paradigm. Never forget., You are immortal! You are of the Cosmic Light that never dies. Do not fear when all the protection falls away and you are only left with your Light!

Card Three

A card for our Being in Presence.

The **Two of Swords** appeared in last month's reading month answering the question: How to Trust an unknown future? So, how do we trust? We stay in Presence. The Swords of the Tarot represent the Intellect. The **Two of Swords** is really the best way the human mind can come to Presence by relaxing and opening to the present moment. This allows the Presence of our beautiful Being, the blue lotus, to emerge. This is the Peace of Being in Presence where creative solutions can be imagined.

Card Four

**What might we see through the "smoke,"
Being in Presence?**

We might see the incredible beauty and possibility of our existence in and as Earth. The **Nine of Disks/Pentacles** is the culmination of the idea of Spirit in Matter. This is the incredible beauty and abundance we can create when we realize what and who we are. This card is called Gain because as Spirit, we Gain so much by being a human in this physical reality. So when we are Being in Presence, we can look beyond the expectations of what we thought we were creating. We can look beyond getting back to "normal," **Seven of Disks/Pentacles**. We can see that if we open to the awakening, **Two of Swords**, the seeming destruction of the old reality, **The Tower**, we can create a new, beautiful and inclusive world for all, the **Nine of Disks/Pentacles**.

**Now it's your turn.
Do this month's reading for yourself to see
where you, as an individual, can contribute to
the whole.**

As always I welcome your
ideas, questions and comments.
